Dear Ms. Ramseyer Fees:

The Association of Central Oklahoma Governments (ACOG) is pleased to endorse the proposed Arcadia Lake Trail multi-use facility. This project is listed in the region's long range transportation plan, Encompass 2035, and is consistent with ACOG's goal to provide a comprehensive multi modal transportation system.

ACOG looks forward to working with Edmond to promote this project and connect to other parts of the region.

Sincerely,

John G. Johnson  
Executive Director
